

What is SPLASH ?

SPLASH is a 3-year professional development program sponsored by the Kentucky Department of Education and hosted by the University of Louisville. It is designed to bring support and training to Low Incidence teachers across the Commonwealth

- Requirements:
- Must have certification in Moderate and Severe Disabilities or actively working towards certification with no more than 3 years in the classroom.
 - Must have written permission from Director of Special Education and Building Principal.
 - Make a commitment to a three-year professional development and implement all practices as part of the process.
 - Avoid other professional development commitments that would compete with SPLASH for time commitment. It is preferable teachers are not working on their K-Tip the **first** year of SPLASH due to the amount of time required as part of the initiative.
 - Participation in apprentice-oriented PLC with other cohort professionals.

Things to Consider:
SPLASH utilized modern technology to implement programming and support. You must be willing to learn and use various forms of technology.
